## WIN THIS SOX & MARTIN 'CUDA

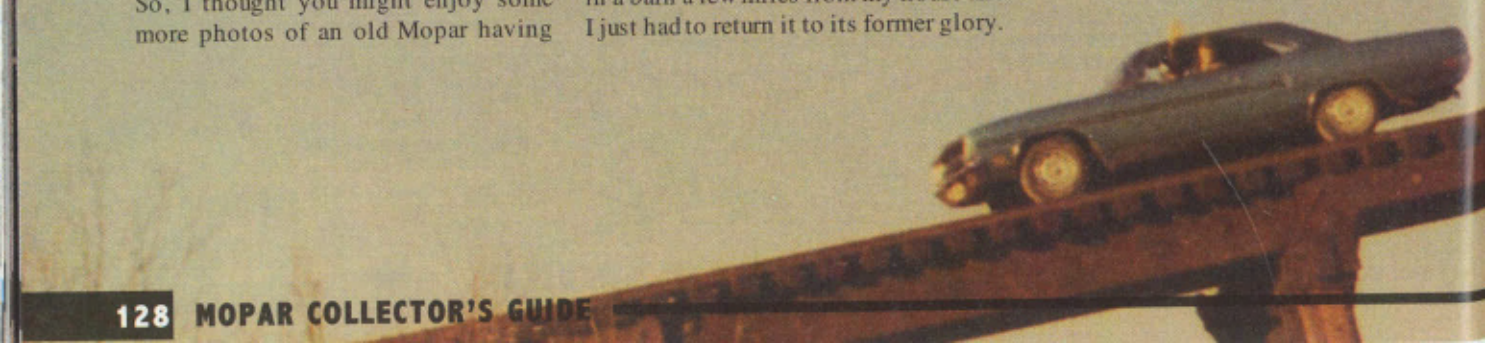
Bill Sefton and Mike Staveski of Mr. Norm's Garage have joined forces with Diane Sox and Buddy Martin to offer their first-ever Super Street Sox & Martin Collector's Series 'Cuda as a giveaway car! The 'Cuda will mimic Ronnie Sox's famed 1971 'Cuda, and tickets are $25 each or two for $40. Funds raised will go to the Ronnie Sox Foundation, which supports St. Jude's Children's Hospital and other cancer awareness projects. The 'Cuda will be given away at the 2011 Mopars at the Strip event in Las Vegas.

For information on how to get your tickets, contact Mr. Norm's Garage, at 727-869-9533, or check out their website, www.mrnormsgarage.com.

# KEEPING IT ON TRACK

I've been reading your magazine for quite a few years now, and a few months back there was a good story about a yellow Challenger that had been driven down some railroad tracks. So, I thought you might enjoy some more photos of an old Mopar having fun on railroad tracks. I took these pictures of my friend and his new GTX. Well, it was a year-and-a-half-old at the time these photos were taken.

I found the GTX a while back in a barn a few miles from my house and I just had to return it to its former glory. Hope you enjoy the pictures.

Al Scott, E-Mail


Whoa! What a remarkable story and a remarkable set of pics!
